SUBJECT: Lynnfield Meadow Walk 40R Landscape Peer Review
Design Compliance Certification

Weston & Sampson is in receipt of the Response to Comments dated April 18, 2008 issued by the Applicant's consultant, Stantec Planning and Landscape Architecture P.C.

Based on the changes to the design plans and installation commitments outlined in the above referenced letter, Weston & Sampson is satisfied that the Meadow Walk 40R Development meets or exceeds the Planned Village Development District Design Standards and Procedures as applied to the Landscape elements of the project.

The final component of our work will include "as-built" inspection and compliance to be completed on a time and materials basis and coordinated with the Applicant and Planning Board. A final compliance letter will be issued at the conclusion of the landscape installation.
