## FIRE DEPARTMENT

Planning Board  
55 Summer Street  
Lynnfield MA 01940

April 16, 2021

Re: 271 Main Street

After a conversation with Peter Ogren the following conditions were agreed upon. The developer would:

Place a fire hydrant would at the top of the street (no more than 500' away from the new home)

Create a hammerhead to allow for access and egress of fire apparatus

The new home would have residential fire sprinklers

Should the Board have any further questions or comments please reach out to me.

Thanks  
James S Alexander
