Other Attendees present for a portion of the inspection:

Purpose of Visit: Check on grading and Con Comm No Disturb Zone pole locations

Observations: Site is completely graded but not hydroseeded. I also exchanged some texting and a phone call with John Whyman

Unresolved Issues:

Recommendations: The silt sock will be moved towards the house to provide a 10 foot buffer to the wetlands all along the back side of the property. Mr. Whyman indicated that he would hydroseed this week. John will move the posts to the 10' buffer line. The buffer will be planted with a meadow mix.
