RE: Certificate of Compliance DEP File # 209-193

Dear Commissioners,

This application is requesting a partial certificate of compliance on Lot 11, which is currently designated Land Court Case 15817H and Land Court Case 15817I, Lots 44 and 52 respectively. While a portion of this lot lies within the buffer of the wetland resources, which is the subject of DEP File No. 209-193, the activities described in the plans submitted with the Notice of Intent did not show work on that lot relative to this filing. While the Order only mentions the drainage improvement plan which was actually revised 2/10/90, it references activities shown on the Notice of Intent plan, dated 6/19/90, revised to 1/19/91, copies of both those documents are included for the Commissions' review.

Please accept this letter as the Engineer's certification that as it relates to Lot 11 conditions on the ground are in substantial compliance with the Order of Conditions and plans in DEP File No. 209-193.

Very truly yours,

Peter Ogren, P.E.
